

Electrical Parts for Forklifts

Forklift Electrical Parts - Lift trucks could be specifically marked for use in hazardous places. A labeled truck denotes the design has met the minimum standards of ANSI/UL 558 intended for engine powered trucks or ANSI/UL 583 for electric forklifts for the type of label placed.

The use for labels meant for lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance carrier and Fire Marshall for further info regarding the permitted uses of industrial powered forklifts in your application.

If the forklift has been proven to meet the outlined criteria, the following labels could be attached. A labeled truck will have the type designation put on the forklift nameplate and will have one of the following labels attached.
